GitHub: github.com/Adelani14

PROFESSIONAL SUMMARY

Motivated and detail-oriented Full-Stack Web Developer with hands-on experience building responsive and scalable web applications using React, JavaScript, Node.js, Express, and MongoDB. Experienced in developing RESTful APIs, integrating databases, implementing authentication, and working with modern frontend technologies. Strong problem-solving and debugging skills with a passion for building user-focused digital solutions. Quick to learn, adaptable, and eager to contribute to a collaborative development team while continuing to grow professionally.

TECHNICAL SKILLS

Frontend: Next.js, React.js, TypeScript, Tailwind CSS, HTML5, CSS3

Backend & APIs: Node.js, Express.js, RESTful APIs

Database: MongoDB

Computer Science: Data Structures, Algorithms, Problem Solving

DevOps & Deployment: Shared Hosting, FTP, Custom Domain
& Email Setup

Tools: Git, GitHub, Firebase

PROJECTS

Mutpel Store – Full-Stack E-Commerce Platform

- Developed a full-stack e-commerce platform using **React, Node.js, Express, and MongoDB**, implementing product browsing, cart, checkout, and order management.
- Built and integrated **RESTful APIs** for products, users, carts, and orders, with authentication and secure backend architecture. Focused on clean UI, usability, and scalable architecture
- Implemented responsive and user-friendly interfaces using **React, Bootstrap, and Axios**, with dynamic product and checkout functionality.

Community Issue Reporting Management System

- Developed a web-based **community issue reporting and management system** using **Node.js, Express, MongoDB, and React**.

- Built RESTful APIs for reporting, managing, and tracking community issues with structured database models and backend validation.

EDUCATION

Full-Stack Web Development Bootcamp

SQI College of ICT, Ogbomosho, Nigeria

Completed: (Satisfactory Certificate)

Ordinary National Diploma (OND) in Computer Science

Federal Polytechnic, Offa, Kwara State

Graduated: 2024

CORE STRENGTHS

- Strong frontend development mindset with a focus on responsive design, usability, and UI/UX.
- Solid understanding of **JavaScript, React, Node.js, Express, and MongoDB**.
- strong **problem-solving and debugging** skills with a logical approach to technical challenges.
- Ability to **learn quickly, adapt to new technologies, and work effectively with modern development tools**.
- Experience building and deploying real-world full-stack web applications.
- Good understanding of RESTful APIs, database integration, authentication, and Git/GitHub.
- Strong attention to **code quality, maintainability, and scalable application architecture**.
